

ISTE REPORT  
2014- 2015

## ABOUT ISTE

**The Indian Society for Technical Education** is a national, professional, non-profit making Society registered under the Societies Registration Act of 1860. First started in 1941 as the Association of Principals of Technical Institutions (APTI), it was converted into "Indian Society for Technical Education" in 1968 with a view to enlarge its activities to advance the cause of technological education .The major objective of the ISTE is to assist and contribute in the production and development of top quality professional engineers and technicians needed by the industries and other organisations. Being the only national organisation of educators in the field of Engineering and Technology, ISTE effectively contributes in various missions of the Union Government.

The ISTE at GRIET was started in the year 2004. The faculty, students and management of GRIET took keen interest in establishing ISTE student chapter, GRIET. ISTE has been very active in promoting the ideals for which it was embarked. ISTE conducts various co-curricular activities which redress with the changing curriculum and educational processes. It has always tried to improve students' technical prowess, and bolster them to put their learning into practice. Every event organized brings opportunities for students to compete with their coevals in healthy spirit and become adept in what they are learning, helping them in accomplishing the ultimate goals of their lives.

## **MISSION**

ISTE inspires educators worldwide to use technology to innovate teaching and learning, accelerate good practice and solve tough problems in education by providing community, knowledge and the ISTE standards, a framework for rethinking education and empowering learners

## **VISION**

ISTE's vision is that all educators are empowered to harness technology to accelerate innovation in teaching and learning, and inspire learners to reach their greatest potential.

## **OBJECTIVES**

- To formulate the general goals & responsibilities of technical education.
- To adjust curriculum & educational processes to changing conditions.
- To develop effective teachers & educational administrators.
- To improve instructional methods & practices.
- To enhance professional ideals & standards.
- To foster research as a function complementary to teaching.
- To cultivate fraternal spirit amongst the teachers, administrators, industrialists & professionals.
- To bring about effective linkage between technical institutions industry & society.

EXECUTIVE SECRETARY

# 2014-2015

## *TECH TALK(EEE)*

As the mission of ISTE is to provide exposure to the students about the myriad options they can opt for in the field of Technical education, ISTE GRIET started a new wing “Tech talks”. In these Tech talks students will be exposed to different technologies and diverse topics which they would not be able to cover in their academic schedule.

On 27<sup>th</sup> October, 2014 ISTE student chapter had its first tech talk on the topic “**Water Level Indicator**”. Around 30 students attended the session, and the session received positive feedback to conduct such events further.

# **DEBATE COMPETITION**

Debate is an essential tool for developing and maintaining democracy and open societies. More than a mere verbal or performance skill, debate embodies the ideals of reasoned argument, tolerance for divergent points of view and rigorous self-examination.

The debate was conducted on the topic “Does the world need Nuclear Energy?” on 11<sup>th</sup> November 2014. A total of 10 groups registered for the competition, each group up to maximum of 2 students. Three members of the faculty were the judges for the event.

Winners of the event was the team of **J. Vivek(ECE-3)** and **G. UttejReddy(EEE-3)**.

## PLANTATION DRIVE

As part of the college Environmental fest “**Ruedo**” each student chapter was nominated to plant a sapling in the college campus. ISTE Student Chapter was quick in accepting the nomination and planted several saplings in the college campus. Further all the students of GRIET were encouraged to carry forward this good notion.
